

POLYPROPYLENE BEARDCOVER

SPECIFICATION SHEET

FEATURES

- This beardcover is made from a breathable white virgin polypropylene.
- It features a non-irritating, latex-free comfort band that stretches out to 18".
- The 14-gram weight provides superior strength over many of the beardcovers in the marketplace.
- It is clean packaged into 100 per bag flat packed for easy dispensing and 10 of these bags per case.
