

QuickConnect™ Handles

Interchangeable mop handles; aluminum, stainless steel, and fiberglass

Fully autoclavable QuickConnect™ mop handles and interchangeable mop frames work together for maximum flexibility for cleaning in critical environments. Invest in one handle and various interchangeable frames required for your specific applications. Handles are available in several lengths and styles.

Telescopic handles are available in lightweight anodized aluminum, durable stainless steel or fiberglass. Choose from 3 lengths: 16" (40 cm) extends to 30" (75 cm); 50" (130 cm) handle extends to 92" (230 cm); 71" (180 cm) extends to 130" (330 cm). For hard-to-reach ceilings and walls, a 16' (4.9 m) anodized aluminum handle is available that easily separates into 4 pieces for autoclaving.

A 60" (150 cm) one piece stainless steel handle is also available.

Features	Benefits
QuickConnect stainless steel, anodized aluminum, and fiberglass handles are available in several lengths	<ul style="list-style-type: none"> • Easy to customize handles for the environment being cleaned
